

Pre-treatment estimates can help you make informed decisions about your dental care

If you are thinking about having extensive dental work, you should know about a free service Delta Dental provides to its enrollees called a pre-treatment estimate. When your dentist requests a pre-treatment estimate with Delta Dental, you'll receive an estimate of your share of the cost and how much Delta Dental will pay — before treatment begins.

Reasons you might want a pre-treatment estimate

- If you are having extensive dental work
- To ensure a procedure is covered
- To see if you will exceed your maximum
- If you need to plan your payment in advance
